My favorite foods:

New Year's Resolutions

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

Instructions:

1. Print out the template and cut your paper into a square.
2. Fold the paper in half along both diagonals.
3. Open it up and fold each corner towards the center crease. Each point should meet at the crease. Once folded, the paper should be a smaller square.
4. Flip the smaller square over.

5. Again, fold each of the corners up to the center crease, so you have an even smaller square.
6. The four corners should pop out. Where the flaps open, place your thumbs and index fingers to move the fortune teller.
7. Write out messages such as "The cards say yes!" or "Go for it!" under each flap where the numbers are.
